Author Index of Volume 131

Andrew, N. L. and Underwood, A. J., Patterns of abundance of the sea urchin *Centrostephanus rodgersii* (Agassiz) on the central coast of New South Wales, Australia 61

Barnes, D. J., Lough, J. M. and Tobin, B. J., Density measurements and the interpretation of X-radiographic images of slices of skeleton from the colonial hard coral *Porites* 45

Bidwell, J. P., *see* Nadeau, L.

Bingham, B. L. and Walters, L. J., Solitary ascidians as predators of invertebrate larvae: evidence from gut analysis and plankton samples 147

Capo, T., *see* Nadeau, L.

Carefoot, T. H., A comparison of time/energy budgeting in two species of tropical sea hares *Aplysia* 267

Henmi, Y., Factors influencing drove formation and foraging efficiency in *Macrophthalmus japonicus* (De Haan) (Crustacea: Ocypodidae) 255

Hilbish, T. J., *see* Wilbur, A. E.

Hutchings, L., *see* James, A. G.

James, A. G. and Probyn, T., The relationship between respiration rate, swimming speed and feeding behaviour in the Cape anchovy *Engraulis capensis* Gilchrist 81

James, A. G., Probyn, T. and Hutchings, L., Laboratory-derived carbon and nitrogen budgets for the omnivorous planktivore *Engraulis capensis* Gilchrist 125

James, A. G., Probyn, T. and Seiderer, L. J., Nitrogen excretion and absorption efficiencies of the Cape anchovy *Engraulis capensis* Gilchrist fed upon a variety of planton diets 101

Jensen, G. C., Gregarious settlement by megalopae of the porcelain crabs *Petrolisthes cinctipes* (Randall) and *P. eriomerus* Stimpson 223

Klumpp, D. W. and McKinnon, A. D., Temporal and spatial patterns in primary production of a coral-reef epilithic algal community 1

Lafler, J., *see* Nadeau, L.

Lee, S. Y., The importance of sesarminae crabs Chiromanthes spp. and inundation frequency of mangrove (*Kandelia candel* (L.) Durce) leaf litter turnover in a Hong Kong tidal shrimp pond 23

Levin, L. A., *see* McCann, L. D.

Lough, J. M., *see* Barnes, D. J.

McCann, L. D. and Levin, L. A., Oligochaete influence on settlement, growth and reproduction in a surface-deposit-feeding polychaete 233

McGee, B. L. and Targett, N. M., Larval habitat selection in *Crepidula* (L.) and its effect on adult distribution patterns 195

McKinnon, A. D., *see* Klumpp, D. W.

Nadeau, L., Paige, J. A., Starczak, V., Capo, T., Lafler, J. and Bidwell, J. P., Metamorphic competence in *Aplysia californica* Cooper 171

Paige, J. A., *see* Nadeau, L.

Probyn, T.,?*see* James, A. G.

Probyn, T., *see* James, A. G.

Probyn, T., *see* James, A. G.

Seiderer, L. J., *see* James, A. G.

Starczak, V., *see* Nadeau, L.

Targett, N. M., *see* McGee, B. L.

Tobin, B. J., *see* Barnes, D. J.

Underwood, A. J., *see* Andrew, N. L.

Walters, L. J., *see* Bingham, B. L.

Wilber, D. H. and Wilber, Jr., T. P., The effect of holding space and diet on the growth of the West Indian spider crab *Mithrax spinosissimus* (Lamarck) 215

Wilber, Jr., T. P., *see* Wilber, D. H.

Wilbur, A. E. and Hilbish, T. J., Physiological energetics of the ribbed mussel *Geukensia demissa* (Dillwyn) in response to increased temperature 161
